- 8. PAYMENT AND INVOICING** All invoices should be submitted to the Babb Creek Watershed Association with copies sent to Hedin Environmental. Bidders should consider that this is a PA DEP Growing Greener project and that payment to the contractor may be delayed by the reimbursement process, which generally takes 6-10 weeks. The final invoice will be required as soon as possible after the completion of the project. Payment of the final invoice is subject to final project approval by the DEP. DEP retains 10% of the construction contract until an inspection of the finished project has been conducted and the project is deemed complete. Therefore, the final 10% payment will be held from payment to the contractor until reimbursement from DEP is received by BCWA.
- 9. ROAD BONDS** Access roads to the site may require bonding. All road bonding is the responsibility of the bidder.
- 10. ADDITIONAL WORK** Any work outside this scope will be completed on a time and materials basis. Please attach hourly prices for equipment and manpower and markup on materials.
